Section 1- Letter of Invitation (LOI) and important information

RFP Ref. No.: BSDM/03/2021-2022

Date-

Dear Sir / Madam,

The BSDM intends to enter into an arrangement for the provision of services broadly outlined but not limited to the Terms of Reference (ToR) through a competitive bidding process. In this respect, BSDM would like to invite interested organizations, to submit the requisite information with respect to Pre-Qualification criteria, Technical and Financial proposals as outlined in this RFP.

1. About BSDM:

In today's competitive world with increasing unemployment, neither education nor skill can be neglected. Education is a core necessity for any job. Education qualification is an absolute must, especially for technical jobs. However, education is not enough. Skills are extremely important and even the educated do not get jobs if they lack skills. Skills give an edge over those with just a degree.

Skill initiatives in Bihar is implemented by Bihar Skill Development Mission (BSDM), Labour Resources Department, Govt of Bihar, with the vision to increase the capacity & capability of the system to deliver quality skill training and professional knowledge to the youth of Bihar to enhance their employability and bridge the skill deficit with a view to meet the growing demand for skilled manpower.

Objectives of the Mission:

- To facilitate generation of adequate employment opportunities through a policy framework.
- To encourage and facilitate skill training for youth of Bihar.
- To monitor generation of employment in different sectors.
- To facilitate launching of training programs for both uneducated and educated unemployed persons for up-gradation of their skills.
- To formulate area and trade specific strategies for maximizing employment opportunities on a sustainable basis in the State supported by private sector.
- To facilitate a coordinated approach in achieving the above objectives for maximizing the benefits over time and space and in reaching out the neediest sections of the population.
- Management of skill development agenda of the State of Bihar.

Focus on Employability of Youth:

Government of Bihar has, therefore, has launched major programs to skill its youth in a mission mode manner on a state-wide scale under the auspices of BSDM. Under these programs the State Government is committed to help the youth in the state in enhancing their employability and self-employability by developing various competencies within them. These programs will have special emphasis on those who have passed either standard 10th examination or 12th (i.e. 10+2) examination. These programs shall primarily focus on helping the youth attain higher levels of productivity, efficiency, quality and an entrepreneurial mind set at their workplaces in diverse domains.

Kushal Yuva Program (KYP):

In addition to the various domain specific skills approved by Sector Skill Councils, and other central/ state sponsored and/or approved skilling programs, BSDM has conceptualized the "**KYP program**" as a mass digital literacy drive along with language and soft skills in order to address other prevalent challenges such as lack of digital awareness, ineffective communication skills, access to skilling endeavours. KYP is a part of one of the "7 resolves" of the Bihar

Govt. viz., 'Arthik hal, Yuvaon ko bal' which has been launched for employability enhancement of youth of Bihar and comprises of :

- Information Technology (IT) Awareness, Literacy, Functionality and Kushal Use of various IT Tools in Real Life Applications, hereinafter referred to as Basic IT Literacy Skills (120 Hours)
- English / Hindi Communication Skills (80 Hours)
- Soft Skills and Life Skills for Workplace Readiness hereinafter referred to as Soft Skills (40 Hours)

Training in above skills is of utmost importance as it increases the employability of youth, helps in smooth shift from homes to places with high employment potential and also helps in retention at workplace.

2. Description of Expertise and Experience Invited by BSDM under this RFP:

In order to benefit from single point co-ordination advantages for the Kushal Yuva Program and Domain / Core Skill Training Program implementation support, BSDM is looking for selection of an "Agency" meeting Pre-qualification conditions as stipulated in the Serial Numbers (SN) 13, 14 and 15 of the Data Sheet. Such Agency should have the wherewithal to assist BSDM to run the Core Skilling and Kushal Yuva Program by providing:

- a) Knowledge Framework Provider (Portal) for all Skill Development Programs Management (KFP-SDPM)
- b) eContent Provider for Kushal Yuva Program (eCP-KYP) and Bihar State – Certificate in Financial Accounting (BS-CFA) including GST and Tally
- c) Learning Management System Provider (LMS) for KYP and BS-CFA Program delivery Management (KFP-SDPM)
- d) State-wide Implementation, Monitoring and Operation Support for Skill Development Programs for entire contract duration

under Build-Operate-Transfer (BOT) model for Bihar Skill Development Mission (BSDM)

Such "Agency" should be able to provide all the services mentioned above. Intending Agencies who do not have the means to provide all the services as above will not be considered eligible.

Please refer section "Terms of Reference (TOR)" for detailed description of scope of work. Bidders are strongly advised to visit BSDM website and Skill Development Centers (SDCs) etc. to have clear understanding about BSDM programs, implementation methodologies and other important aspects.

3. The Total duration of the Services will be 5 years (extendable based on requirement and mutual agreement) from the date of signing of agreement by both the parties.
4. The details regarding eligibility criteria, scope of work, application procedures, selection methodology and other terms and conditions have been clearly stated in this RFP document.
5. The Agency shall be selected in accordance with the Quality and Cost Based Selection (QCBS) method.
6. The RFP includes the following documents:
 - Section 1 – LOI and Important Information
 - Section 2 - Instructions to Agencies and Data Sheet
 - Section 3 – Pre-Qualification Proposal Formats
 - Section 4 - Technical Proposal FTP - Standard Forms
 - Section 5 - Financial Proposal - Standard Forms
 - Section 6 - Terms of Reference
 - Appendix I – Form of Contract
 - Appendix II – Form of Consortium Agreement

7. The bidders shall submit their proposal, eligibility and qualification details, Certificates as mentioned in section etc., in the online standard formats given in e-Procurement web site (<https://www.eproc2.bihar.gov.in>) at the respective stage only.
8. The bidders should ensure that all the required documents as mentioned in the tender document are submitted/ uploaded along with the bid and in the prescribed format only. The bidder shall upload the scanned copies of all the relevant certificates, documents etc., in support of their eligibility criteria / technical bids and other certificate /documents in the e-Procurement web site (<https://www.eproc2.bihar.gov.in>). **This will be bidder's sole responsibility to ensure that all required documents have been uploaded and all uploaded documents, when downloaded must be legible/readable failing which their bid will be rejected. Hence it is advised that all the documents should be properly scanned and uploaded.**
9. The Tendering Authority reserves the right to accept or reject any or all proposals, and to annul the selection process and reject all proposals at any time prior to the award of contract, without thereby incurring any liability or any obligation in any form to the affected firms on any grounds.
10. Kindly note that the selection of agency under this RFP will not guarantee allocation of work and BSDM will assume no liability or cost towards it. BSDM makes no commitments, express or implied, that this process will result in a business transaction between anyone.

Yours sincerely,

<p>a. Definition</p>	<ul style="list-style-type: none"> • For the purposes of this Agreement, "Force Majeure" means an event which is beyond the reasonable control of a Party, and which makes a Party's performance of its obligations hereunder impossible or so impractical as reasonably to be considered impossible in the circumstances, and includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action (except where such strikes, lockouts or other industrial action are within the power of the Party invoking Force Majeure to prevent), confiscation or any other action by government agencies. • Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party or agents employees thereof, nor (ii) any event which a diligent Party could reasonably have been expected to both (A) take into account at the time of the conclusion of this Agreement and (B) avoid or overcome in the carrying out of its obligations hereunder • Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder • The Force Majeure would be applied to only those Districts which have been so stated by CEO, BSDM in writing; is part of Government of Bihar directives and is agreed by Agency. Payments of the non-impacted districts will be calculated and given as per the payment schedule and Agency will not be penalized for the non-performance of the force majeure applied districts. <p>Computing of performance will also be adjusted on pro rata basis.</p> <ul style="list-style-type: none"> • BSDM will decide the eventuality of Force Majeure which will be binding on both the parties
<p>b. No Breach of Agreement</p>	<p>The failure of a Party to fulfil any of its obligations hereunder shall not be considered to be a breach of, or default under, this Agreement insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the</p>

	<p>objective of carrying out the terms and conditions of this Agreement. The Agency shall not be liable for forfeiture of its SD and BG, if and to the extent that it's delay in performance or other failure to perform its obligations under the Contract is the result of the Force Majeure.</p>
c. Measure to be taken	<ul style="list-style-type: none"> • A Party affected by an event of Force Majeure shall take all reasonable measures to remove such Party's inability to fulfil its obligations hereunder with a minimum of delay. • A Party affected by an event of Force Majeure shall notify the other Party of such event as soon as possible, and in any event not later than thirty (30) days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give notice of the restoration of normal conditions as soon as possible. • The Parties shall take all reasonable measures to minimize the consequences of any event of Force Majeure.
d. Extension of time	<p>Any period within which a Party shall, pursuant to this Agreement, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.</p>
e. Payments	<p>The Force Majeure is applied to only those Districts which have been so stated by CEO, BSDM in writing; is part of Government of Bihar directives and is agreed by Agency. Payments of the non-impacted districts will be calculated and given as per the payment schedule and Agency will not be penalized for the non-performance of the force majeure applied districts. Computing of performance will also be adjusted on pro rata basis.</p> <p>In the event of Force Majeure is applied to the whole state of Bihar, then BSDM will continue to follow the payment schedule by giving concession to Agency of non-submission of deliverables for the period of 3 months. Post which, either party is allowed to terminate the contract under the clause Termination for Convenience.</p>
f. Consultation	<p>Not later than thirty (30) days after the Agency has, as the result of an event of Force Majeure, become unable to perform a material portion of the Services, the Parties shall consult with each other with a view to agreeing on appropriate measures to be taken in the circumstances.</p>
33. Change Orders and Contract Amendments	<p>33.1 BSDM may at any time order the selected bidder through Notice, to make changes within the general scope of the Contract in case of services to be provided by the selected bidder.</p> <p>33.2 If any such change causes an increase or decrease in the cost of, or the time required for, the selected bidder's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery and Completion Schedule, or both, and the Contract shall accordingly be amended. Any claims by the selected bidder for adjustment under this clause must be asserted within thirty (30) days from the date of the selected bidder's receipt of the BSDM's order. The rates under Financial Proposal will be used to calculate the cost of the additional work / change request.</p> <p>33.3 The Rates will be valid for the period of the contract (60 months) and will have 10% price escalation for each year after the contract period.</p>

The weightages of the Technical vis-à-vis the Combined Commercial score is 0.7 of the Technical score and 0.3 of the Combined Commercial score. The composite score (S) will be derived using following formula: $S = [S(t) * 0.7] + [S(c)^{\#}]$</p> <p>Thus the composite score shall be out of a maximum of 100 marks. The bidder with the highest composite score would be awarded the contract.</p> <p># The combined commercial score [S(c)] will be derived using the following approach:</p> <p>The sum of quoted amount under FIN-1 (for C1, C2, C3 and C4* as stated in Table 1 of FIN-1) will be obtained.</p> <p>*The amount quoted in Table 2 of FIN-1 (i.e., monthly manpower cost) will be multiplied by 60 months to compute the total manpower cost.</p> <p>The total quoted assignment cost will be calculated as: $\{(C1+C2+C3)+ (C4*60)\}$.</p> <p>Therefore, combined commercial score, 'S(c)' = $\{(Lowest\ total\ quoted\ assignment\ cost\ amongst\ the\ Applicants / total\ quoted\ assignment\ cost\ of\ the\ applicant) * 30\}$</p>

- Access to assessment activities distributed across the course content (for continuous assessment)
- Calendar to set personal learning path to complete the course
- Collaborative features viz. chat
- Generation of topic wise completion certificate

Evidence of Candidate Training:

LMS in addition to above features should also enable for capturing evidence of training, like selfie video, using Picture-In-Picture (PIP) feature as a tool for evidence based learning and assessment. Here Candidate should be able to record her/his actions while s/he is creating an output.

Post Training features:

- For self-assessment, Candidate can take timed tests
- Practice and performance tests on different types of questions which include multiple choice single correct, multiple choice multiple correct, match the following, fill in the blanks, picture identification, jigsaw puzzle, crosswords, hotspots, second level reasoning and multimedia questions.
- Performance Monitor: with the help of graphical and numerical representation of complete performance monitor the Candidate can identify the weak areas for more practice.
- Submitting candidate feedback

Other facilities preferably provided:

- Personalized access to content
- Self-learning at own pace
- Collaboration with peers for enhanced learning
- Interaction with tutor/learning facilitator/ domain expert
- Hands on experience for practical

- Opportunity to apply the skills
- Assessment while learning by taking and solving the online challenges
- Meaningful assessment with corrective feedback leading to improvement in performance

B. eExamination management system

Online Examination management

- a. Item Bank (Question Bank) repository management
 - i. Create / edit / delete question bank
 - ii. Import / export feature.
 - iii. Support bilingual (Hindi / Question) where a Candidate can see question and options in both languages.
 - iv. Feature to import different types of questions including
 - multiple choice single correct,
 - multiple choice multiple correct,
 - match the following,
 - fill in the blanks,
 - picture identification,
 - jigsaw puzzle,
 - crosswords,
 - hotspots,
 - second level reasoning and concept map
 - v. Question Bank to follow international QTI standards prescribed by SCORM, to maintain the question repository, different question parameters are stored, viz: difficulty level, type, marks, and associated learning unit.
 - vi. Feature for continuous up-gradation of the question repository
- b. Exam and Event management
 - i. Exam creation
 - ii. Exam – Item bank Mapping (Blue Print Creation)
 - iii. Exam scheduling for set of Candidates at any point of time.
 - iv. System should be able to track all test for any given Candidate and should support associated reports with Candidate attempt details
- c. Exam Paper Generation
 - i. System should be able to conduct test online as well as in quasi mode through eExamination management system
 - Question and option randomization facility
 - ii. Paper generation for paper-based examination-in print ready format from secured printer login
 - iii. eExam interface
 - With candidate photo
 - Timer
 - Question and attempt summary with color legend
 - Exam instructions
 - Bilingual display of questions

- d. Secured Examination
 - i. Secured browser with restricted navigation
 - ii. Question, options, attempt details and marks data encryption
- e. Exam Evidence
 - i. Capturing of exam evidence for transparent examination which includes:
 - o Webcam enabled exam conduct
 - video recording through web cam
 - o Desktop screen recording
 - o Screen shot capturing while exam attempt
 - o Webcam preview images capturing
 - o Uploading of all above evidences to server and provision to make it available for scrutiny.
- f. Exam venue management
 - i. Exam venue creation
 - ii. Exam venue candidate allocation
 - iii. Exam venue capacity management
 - iv. Exam venue –supervisor allocation
- g. Exam administration
 - i. Hall ticket generation
 - ii. Candidate attendance
- j. MIS and Dashboard
 - i. Exam wise –venue wise reports
 - ii. Candidate wise attempt reports
 - iii. Dashboard for centralised monitoring of exam event and post exam analysis

C. Assignment management system

- a. Assignment management should offer interfaces for Candidates, teachers (faculty), evaluators (assistant faculty), tutor (lab instructor) and administrators to enable the teacher to post assignments for the Candidates based on the course structure.
- b. Inbox with assignment dates and status as new or expired
- c. Assignment randomization feature is required where in a set of assignments can be prepared and various assignments can be given to multiple candidates randomly.

3.3 Other General terms related to eContent for Kushal Yuva Program and BS-CFA

The agency should have / create exhaustive modules covering but not limited to the above-mentioned minimum topics hosted online and delivered through eLearning mode.

Yearly updation of the Kushal Yuva Program (KYP) and BSCFA course content to ensure market relevance of the content being offered.

Standards followed while designing the course:

The bidder should mention various national and international course standards followed while designing the IT literacy course covering the syllabus mentioned above.

Study Material:

The bidder should provide soft copy of approved study material in the form of

- Book: Highly illustrated, at least 200 Pages, Four colour book in English and Hindi language for every Learner
- eContent: SCORM compliant rich multimedia eLearning content in English and Hindi language.

Specification for Multimedia Based Educational Content:

The bidder should have ready to use multimedia eLearning content in Hindi and English languages for the above course based on the syllabus as defined above.

Content Features:

Following are the expected features in the content:

Nature of content

- A typical Content LO (Learning Object) must follow a representative flow viz.
 - Learning objective -introduction
 - Demonstration
 - Explanation
 - Exploration and interactive exercise and/or simulation
 - Summary
 - Test on skills covered in the learning object
 - Activity/Exercise
 - Project
- All the content must be SCORM compliant
- Each and every single frame of content must be accompanied by narration text (similar to the VO language)
- Essentially all the content frame should have run time specified along with
- Each and every content frame must have a pre loader and a scrubber/status bar along with a reply button.
- Each and every content frame must have a clear (without any noise / humming) human voice over. It should be with neutral accent.

Content Types

Following are the types of content required for above mentioned course:

1. Inform sessions
2. Perform sessions

3. Assignments/ePortfolio activities
4. Projects
5. Question bank
6. Interactive quizzes (timed and untimed)

Inform Sessions

Inform type content may vary from flash animations, video, static images graphics, etc. This content will be rendered through HTML pages.

Flash Animations

- Screen size: 800 x 600 or 1024 x 768
- Embed all the desired fonts within the compiled file
- Duration: 30 – 40 seconds (for every individual frame)

Graphics

- Screen size: 800 x 600, 1024 x 768
- Recommended formats: JPEG, GIFF, PNG, BMP, PDF

Video

- Screen size: 800 x 600, 1024 x 768
- Recommended formats: MPEG, MP4

Perform Sessions

Perform type content helps the learner to understand the concepts/skills and its application through interactivity. Session contains interactive exercises, simulations etc.

- Interactive exercises (with corrective feedback)
 - Screen size: 800 x 600, 1024 x 768
 - Recommended formats: (flash based) SWF

- Simulations (guided, with hints, and without hints)
 - Screen size: 800 x 600, 1024 x 768
 - Recommended format: (Flash based) SWF

Assignments / e Portfolio activities

- Assignments are to encourage hands-on application of concepts/gained skills, though the nature of assignments can vary depending upon the subject / skill.
- These assignments/activities for enrichment of ePortfolio ideally should comprise of:
 - Reference material (raw files, open files, and other required assets)
 - Instructions (in PDF format)
 - Glimpse/sample of finished assignment/activity

Assessment through Objective Questions

To support comprehensive and continuous assessments the assessment sessions should have

- Simulation based assessment sessions (with hint, without hint): for convergence of learning and assessment

Objective questions including

- Multiple Choice Single Correct
- Multiple Choice Multiple Correct
- Fill in the blanks
- Match the following
- Drag and Drop
- Comprehensive questions
- Multimedia Questions with Video and Audio support

Content package

Content will be considered complete only when it is bundled with following:

- Detailed syllabus
- Day wise breakup
- List of special additions like case studies
- Quality assurance certificate/undertaking

Required features of the Multimedia educational content keeping in mind the aptitude and ability of the Candidates

Local language: For better understanding and interpretation, the languages in the multimedia content will be written and spoken with utmost correctness. The language experts may be engaged for the purpose.

Cultural context of multimedia eLearning content: It should predominantly reflect life ethos and culture of state

4. State-wide Implementation, Monitoring and Operation Support for Skill Development Programs for entire contract duration.

BSDM is also desirous of accessing the proven managerial, operational, technical and coordination services delivery expertise and experience of the Bidder with proven track record in implementation /support of the large scale Skills Development Program using the knowledge and software framework/s mentioned the scope above and by using eContent mentioned above.

1. Knowledge Framework Technical Support

SDCs are going to use a support mechanism to track the issue or task allocation. Following is the scope of the support management System:

- Support multiple activities
- Flexible role-based access control
 - a. Defining roles and set their permissions
- Flexible issue tracking system
 - Defining status and issue types
 - a. Workflow transitions can be set up for each issue type and Role through the web-based administration interface (a default configuration can be loaded when installing the application)
- Gantt chart and calendar

- a. Generation of automatic Gantt chart and calendar based on issues start and due dates
 - o News, documents and files management
 - a. Posting messages and share files
 - o SMS and email notifications
2. The Bidder shall provide to BSDM its expertise and experience in rendering managerial, operational, technical and coordination services in implementation / support of the large scale Skills Development Program using the software platform based on the BSDM knowledge framework created by it hereunder.
 3. The Bidder will ensure that any legacy data of BSDM (data available with BSDM in any format across all schemes) is imported in the Portal / LMS developed by the bidder for BSDM.
 4. The Bidder shall deploy below manpower for efficient and effective execution of SDP through a state-wide network of SDCs.
 Followings are the details of manpower hierarchy expected to be deployed by the Bidder in the entire state for efficient and effective execution of Skill Development Programs through a state-wide network of SDCs.

Sr. No.	Designation	Level	Expected Minimum Numbers*
1.	State Project Leader	State	1
2.	State Level Resources <ul style="list-style-type: none"> • Business Analyst - 2 • E content support executive - 1 • Systems Support & Maintenance - Hardware - 1 • Systems Support & Maintenance Software - 1 	State	5
3.	District Monitoring and Assistance Team	District	1 for each District i.e. 38

5. Manpower Deployment: The agency will deploy manpower as per the following terms:
 - o The type of resources to be deployed and their illustrative responsibility will be as below:
 - State Project Leader – Single point of contact for BSDM. Managing the selected agency’s deployed as well as backend team.

- Business Analyst – Interaction with BSDM / BSDM stakeholders for requirement gathering and communicating the same to the Agency’s development team.
 - E content support executive – Responsible for customization of e-Content and troubleshoot for any e-Content related issues.

33. Bihar Skill Development envisages selection of an agency for implementation of the following scope through a Build-Operate-Transfer (BOT) model.
- a. The selected agency will develop the Knowledge Framework (Portal), LMS, eContent / Content for the various skilling initiatives of BSDM (as detailed in the scope or as instructed by BSDM) using their own infrastructure / hardware and after the development, testing, user acceptance, security audit clearance will transfer all applications / frameworks developed to State Data Center and all rights / ownership over the application, source code and the Data will be with BSDM.
 - b. All charges on account of hosting till the transfer of application to be borne by the selected agency.
34. The Bidder in collaboration with BSDM will get the application / Portal / LMS audited through a certified agency prior to transfer on State Data Center.
35. All the development work related to Portal, LMS and content needs to be completed in 3-4 months from commencement.
36. In case of any minor level changes as jointly decided by BSDM and selected agency no extra cost will be raised to BSDM. In case of any major change (post approval of BSDM) necessary arrangement in terms of increase in scope and corresponding financials will be ensured by the Bidder in collaboration with BSDM through a proper Change management process created by the selected agency at commencement and duly approved by BSDM.
37. Yearly updation of the Kushal Yuva Program (KYP) and BSCFA course content to ensure market relevance of the content being offered.
38. Capacity building of BSDM & other stakeholders (as required) on the system
- o Process wise / module wise periodic demo for the Knowledge framework (Dynamic portal) for all programs and the LMS.
 - o Develop training materials, manuals and standard operating procedures and periodic updation of the same. The training for the staff will include training in use of the Knowledge framework (Dynamic portal) for all programs and the LMS for their respective operations and functions. Emphasis shall be on training end users to effectively use the Knowledge framework (Dynamic portal) for all programs and LMS features and provide initial handholding.
39. Technical Architecture
- o Scalability: The application should have scalability to support 50000 concurrent users at any point of time the application should also support same number for any online / offline exam.
 - o Ease of Maintenance: The application code should have been written leveraging industry coding standards / frameworks / modularity. There should be sufficient documentation available across SDLC stages.
 - o Performance: The selected agency in consultation with BSDM needs to declare performance benchmark for all critical transactions. The selected agency also needs to certify and produce documentation to ensure that rigorous reviews and

testing have been carried out in producing application platform. Performance will be one of the key criteria to finalize the application.

- Configurability: The application should have features to change look & feel (UI) of pages.
- Compatibility
 - The Knowledge framework (Dynamic portal) for all programs shall be compatible with Desktops, Tablets & phones. LMS should also have interoperability.
 - Data can be in different formats including but not limited to, MS-Word, excel, power-point, pdf, video etc.
 - Browser compatibility: Chrome, Mozilla Firefox, IE and Safari.
- Technology: The preferred technology would be open source (Java / PHP / MySQL etc. or any other pertinent technology)
- Content upload and compatibility standards: SCORM
- Integration with third party systems
 - Integration with mail / sms gateways, any other relevant portal if required etc.
 - Candidate data from the District Registration cum Career Counselling Centre's registration portal (a portal created by Planning Department, Govt. of Bihar for Registration of youth and further channelizing them into their preferred program) or any other relevant portal needs to be pulled on the BSDM database through integration.
 - Integration with payment gateways, other skill development portals etc.

40. The LMS should have capability of following deployment model:

- Deployment/installation and activation on the local server of centers with personalized access to eContent for each candidate, assignment, evaluations, personalized candidate records, and analytical reports for the stakeholders.
- Data sync up between offline and online (central server) installations is required on daily basis. The sync up should happen back and forth.
- In case of issue in local server the central server should provide the learning facility to Candidate on temporary basis and learning records should get sync after the local server issue is resolved. This will help center and Candidate in providing minimum service down time.

41. Security: The applications should have very strong and robust security provisions including encryptions. As applications will have local server / client capability it should be secured enough so that no one can penetrate into the software / database.

- Application access needs to be protected through two layers of firewalls of different makes. First layer will be perimeter/external firewall and second layer will be core/internal firewall (hosted in the core of the network).
- Sys Log server for log collection
- Antivirus System – Symantec/Mcafee Host based

- Load Balancer for distribution of traffic among multiple web/app servers
- Valid authentication for application access

42. Service Level Agreement

- Create and operate help desk for easy resolution of client issues (L1 and L2 Support). The Help Desk should offer a single point of contact for all inquiries related to Knowledge framework (Dynamic portal) and LMS.
- The help desk will cater to all the issues related to
 - Application downtime - The Knowledge framework (Dynamic portal) and LMS needs to maintain an uptime of 99%. Any planned downtime needs to be intimated and approved in advance.
 - Grievance redressal
 - Change management – The mechanism for change management request handling is to be decided at the time of project commencement in collaboration between selected agency and BSDM.
 - Technical issues (L1, L2) etc. – The Incidents and Service Requests handling mechanism is provided below
 - L1 Support: L1 or Level 1 Support is the initial support level responsible for basic customer issues. The first job of L1 support personnel is to gather the User’s information and to determine the User’s issue by analyzing the symptoms and figuring out the underlying problem. L1 support personnel are expected to resolve the basic issues reported by any User.
 - The L1 support will be prioritized as Low and Medium level issues based on the effort required with different response time.
 - ✓ Low: Response time <= 4 hours
 - ✓ Medium: Response time <= 8 hours
 - L2 Support: L2 or Level 2 is a more in-depth technical support level than L1 Support and requires more experienced and knowledgeable personnel on Knowledge framework (Dynamic portal) or LMS and related support services. It is synonymous with level 2 support, support line 2, administrative level support, and accounts for advanced technical troubleshooting and analysis required for rendering the solution posed. L2 shall provide support in resolving any query that is unresolved by L1. In case L2 support personnel is not in a position to resolve any query/request raised, they are required to take support from their organization over the same to ensure request resolution.
 - The L2 support will be prioritized as High and Critical level issues based on the effort required with different response time.
 - ✓ High: Response time <= 24 hours
 - ✓ Critical: Response time <= 72 hours
 - Response Time is the total time from request creation to issue resolution and restoration of service. Service may be restored

either by a workaround or by a permanent solution. Ninety percent of issues to be resolved within the time frame specified for each Priority.

- Efforts to be made to ensure that all the requests are resolved in the stipulated response time.
 - Service measurement and Reporting : The service of the agency will also be measured on the following counts:

Sl. No.	Service	Minimum achievement standard
1	Application uptime	99%
	No. of issues resolved	95% of the total issues registered
2	Response time of the resolved issues in	90% of the total issues registered
3	No. of unscheduled outages	None

- Monthly reports for the above need to be submitted to BSDM by the agency.
- Customer / BSDM escalation matrix to be in place
 - The Business and Technology Services Leader assigned for BSDM should be available to address any questions about the services, processes etc. The Business and Technology Services Leader may be directly contacted, or a Service Request might be initiated with the Help Desk.
